Medicare prescription coverage can be a complex topic. Each year Medicare prescription drug plans make changes that can affect your cost and coverage. Not knowing about these changes can result in shock at the pharmacy counter in the New Year.

You're invited to attend this presentation to learn what changes are coming in 2020 and what you can do to ensure you are getting the best coverage and cost for your prescription medications.

You'll receive answers to your questions from Senior Health Insurance Information Program (SHIIP) Administrator, Alicia Jones.

Medicare presentation will cover the following:

- Recap and overview of Medicare Part A, B, C, and D as well as Medicare Supplements
- Enrollment and Eligibility Deadlines
- 2020 Part D and Part C Options
- Experts from the Nebraska SHIIP will be on hand to answer questions
